*"Where the purpose of a thing is not known, abuse is inevitable."*

**Do you realize you exist for a purpose?**

**Aligning your choices with that purpose increases your chance of success.**

Clarence T. Brown believes that we are all created for a **purpose**, and if we are not constantly working to find, follow and refine that **purpose**, we are wasting our existence. By incorporating universal truths, "golden nuggets" and situational comedy into his concept of ALIGN, Clarence inspires audiences to discover their **purpose** and allow it to guide them into making positive and productive choices.
